SPCO Federal Credit Union has received the last deposit from the “old” Union Pacific payroll system. If you currently have loans with SPCO that are paid by way of Payroll deduction (which is now called “direct deposit”), you must either set up the loan payments with Union Pacific as a “direct deposit” , OR, you will be responsible for paying your loan(s) individually by cash or by check.

The process is very simple. **If you have your entire check direct deposited to your main bank**, you can set SPCO as a direct deposit for the deduction amount that we currently receive. You *must* have a Union Pacific ID number and password to get into the UP Employees website. You can then call SPCO and we will walk you through the process which takes less than two minutes.

If you have your entire check direct deposited to your main bank **but** you **do not** have access to the UP Employees website, we have enclosed a form for you to fill out and send back to our SPCO office.

If you receive a paper check from Union Pacific, and you **do not** want to convert to direct deposit, then **you will be responsible** for paying your loans with SPCO.

Information you will need to furnish Union Pacific:

SPCO's ABA / Routing Number: **313084661**

And your SPCO Account Number

Serving Railroad Employees Since 1936
